

## *Live Multicam Capture & Management*

Short for Acquire, Collaborate, Explain, and Secure, PESA ACES is configured as a two or five-channel video system, with the flexibility to add additional channels and seats licenses. It combines the PESA XSTREAM C58 or C22 multi-channel streaming media appliance with VIQ Encompass and AccessPOINT software for sophisticated file capture and management. The result is a comprehensive recording and playback system that simplifies collaboration.

The PESA ACES solution architecture includes a regional server fed by fixed and/or mobile recording stations that automatically sync files. Systems can also include a fixed or cloud-based optional central repository. Remote collaboration is enabled via the AccessPOINT Portal, which provides secure, browser-based access to files for authorized parties. Along with on-site commissioning and installation, PESA ACES can also include customized user interfaces, online training, and transcription services.

Housed in a compact, 1 RU form factor, the C58 simultaneously encodes up to five independent video sources and eight audio sources for H.264 IP distribution with no sync or latency issues. The C22 supports two video and two audio streams. VIQ's software offers advanced database technology to simplify logging, searching, annotations, and chain of evidence, and allows integration with third-party case management systems.

### **Key Features**

- Multi-channel audio and video capture
- Indexed, multimedia annotations
- Secure, searchable database
- Customizable interface
- Automated synchronization across multiple network tiers
- Flexible cloud or fixed server infrastructure
- Browser based access to audio and video via VIQ AccessPOINT
- Industry leading security protocols and encryption

## Acquire

- Multi-track Audio
- Multi-Cam video
- SD, HD, 3G, IP sources
- AV Sync Assure
- Logging

## Collaborate

- Share
- Annotate
- Enhance
- Mobile
- Web Portal
- Discuss

## Explain

- Organize
- Review
- Search
- Answer questions
- Learn
- Show the facts
- Quickly

## Secure

- Saved
- Encrypted
- Role based
- Audited
- Chain of Evidence
- Tamper proof

For fixed locations, VIQ Satellite's Advanced UI with PESA's C58 offers multi-channel synchronized audio and video  
Model number: RR.C-Xy where

- RR is the number of rooms in the bundle, [1 | 5 | 25]
- C is the number of cameras per room: [2 | 5]

If you're always on the move, VIQ Satellite software with Simplified UI and PESA's C22 provide all the features of VIQ's capture software in a simplified, touchscreen-friendly mobile package.

**Advanced and Mobile UI**  
User interface options for simplified or advanced capture and management

**VIQ AccessPOINT**  
Browser-based access to audio, video and files for authorized parties

## System Options

**Standalone-** Ideal for individual treatment rooms, patrol cars, ...

- Simplest system can be a 2 Video + 2 Audio recorder
- Install and run on a Microsoft Surface Pro 3, (256GB, Core i7)
- Can dock with Networked and Enterprise systems back at base for asset sharing

**Networked-** Great for a department with multiple interview rooms

- Perfect for linking a number of rooms on the same LAN to permit remote supervision and sharing and hierarchical storage of media assets.
- Larger systems may require the addition of Mid-Tier Servers depending on amount of video used.

**Enterprise-** Link sites, browser access, 3rd tier storage

- Adds remote management capabilities over LAN/WAN connections so that, e.g., medical experts can review and annotate cases from wherever they happen to be.
- Enables collaboration across multiple facilities

## Ordering details

Contact sales for detailed pricing and package options.

Product ID	Product Name	Description (Product)
ACES-0-0-EI	ACES 0.0-Ei	PESA ACES Integrator Building Block. Base Package for Enterprise Systems.
ACES-0-0-NI	ACES 0.0-Ni	PESA ACES Integrator Building Block. Base Package for Networked Systems.
ACES-0-0-SI	ACES 0.0-Si	PESA ACES Integrator Building Block. Base Package for Standalone Systems.
ACES-1-2-S	ACES 1.2-S	PESA ACES All-in-one standalone bundle. 1 room, 2 cameras, 2 mics.
ACES-1-2-XI	ACES 1.2-XI	PESA ACES Integrator Building Block. Record 2 HD Streams.
ACES-1-5-XI	ACES 1.5-XI	PESA ACES Integrator Building Block. Record 5 HD Streams.
ACES-25-5-E	ACES 25.5-E	PESA ACES All-in-one enterprise bundle. 25 rooms, 50 cameras, 100 mics
ACES-5-2-N	ACES 5.2-N	PESA ACES All-in-one networked bundle. 5 rooms, 10 cameras, 10 mics.

### Package Details

**RR.C-Xy** where:

**RR-** the number of rooms in the bundle, [1 | 5 | 25]

**C-** number of cameras per room: [2 | 5]

**X-** is the class of system: [S | N | E] for Standalone, Networked and Enterprise respectively

**y-** indicates whether the system needs further integration by the addition of supported cams and mics. [<blank> | i] for one-stop-shop, and systems requiring further integration respectively.

## ORDERING INFORMATION

### U.S. Corporate Headquarters

PESA

103 Quality Circle, Suite 210
